## HOBBIES

## ABOUT ME

I'm a 29 year old Persian who lives in Tbilisi. Like other front-end developers I have studied and practiced many hours to learn front-end languages and have different certificates in this field but what makes me different is my perseverance to make every project successful and unique.

## EXPERIENCE

### Edoramedia

Senior Front-end Developer  
2014 - 2019

From Junior to Senior I've done more than 50 world-wide projects with edoramedia and almost everyday I was coding or debugging a project

Some clients I have worked with :

## MY PROGRESS

2012

### Bachelor's Degree

I graduated in Biology specialization from Roudehen University and after that went to military for 2 years.

2014

### Study of Web Development

In January I started to learn web development with offline and online courses for 6 months. My profile:
